

FOUR WOMEN DEAD.

Trampled to Death by Human Beings.

NINE OTHERS BADLY INJURED.

A Panic Created in Four Synagogues Located in One Tenement House in New York City by the Wild Cry of "Fire." Jewish Holiday Services Sadly Interrupted With.

NEW YORK, Sept. 24.—During service in one of the four synagogues in the tenement house, 27 Ludlow street, Friday morning, some one raised a cry of fire. Immediately there was a panic and a mad rush for the door.

The fire was speedily extinguished, and very little damage was done; but in the panic that ensued four women were trampled to death and a dozen people were seriously injured. The fire was caused by a candle which stood lighted at the side of the holy ark, and which was accidentally knocked over by the rabbi, igniting the draperies.

Three hundred people were in the place at the time. The noise of the rush for the stairs and the shrieks of the men and women caused a stampede of the worshippers in the other synagogues. They also made a rush for the stairs. The frightened and panic-stricken people became wedged on the stairs leading to the second floor.

The policeman on post rushed in and succeeded in relieving the wedge, and then a wild rush for the stairs leading to the street began.

An investigation after the panic had abated revealed the fact that four women had been killed and a number of persons severely injured. The wounded were at once removed to the hospital.

The synagogue was an orthodox Jewish one, and the place was crowded on the occasion of the celebration of the second day of Rosh Hashonah, or the New Year's Day.

The following are the killed:

Mrs. Joseph Beck, aged forty-four, of 38 Ludlow street; crushed badly and both legs broken.

Naomi Rosenthal, aged thirty, of 175 Ludlow street; frightfully crushed.

Jacob Boyum, aged fifty, of 123 Forsyth street; crushed and badly bruised about the body.

An unknown woman, about thirty years of age, badly crushed.

The following were injured:

Herman Cohen, fifteen years of age, ribs crushed.

Julia Aliman, nine years of age, badly bruised, leg broken; can not recover.

Rachael Borsuk, twenty-seven years of age, fractured skull; injury fatal.

Mrs. Anna Cohen, fifty-eight years of age, skull crushed; can not live.

Simon Greenburg, twenty-five years old, fractured skull; will die.

Miss Ida Cohen, twenty-one years of age, fractured skull; will die.

Mrs. Rebecca Friedland, aged forty-nine, fractured skull; will die.

Rachael Backowitz, sixty years, a widow, fractured skull; will die.

Albert Wolf, aged twenty-four, suffering from nervous shock and slight injuries.

GROWING MORE COMPLICATED.

Somerby and His Friends Reorganize the Old Iron Hall.

BALTIMORE, Sept. 24.—Freeman B. Somerby was yesterday unanimously re-elected supreme justice of the Order of the Iron Hall at the reorganization meeting in the Royal Arcanum building. After the election Mr. Somerby made a short speech, thanking the delegates for the renewed expression of their confidence in him. He then offered his resignation of the office to which he had just been elected, saying he did not wish to continue in the position and all he had desired was a vindication of his administration of the affairs of the order. This, he said, had been given him by his re-election as supreme justice.

The meeting decided not to accept his resignation and therein Mr. Somerby's enemies found cause for the statement that the convention was packed with his friends, while the others were excluded from participation in its proceedings. The latter claim that only a fraction more than half of the old policy holders were represented at the meeting. They admit that additional thousands want the order reorganized, but they will have no part of Somerby and the other supreme officers as leaders. The malcontents prefer to have the affairs of the wrecked institution remain in the custody of the court instead of again placing them in the hands of the wreckers.

Mr. Somerby, however, succeeded in having his plan submitted by the reorganization committee and adopted by the convention. It is substantially a scheme to have the members of the Iron Hall hold on to their old certificates, take out new ones in the new organization and pay assessments until the court turns over the funds to the new organization, provided it can be induced so to act.

More Work for Judge Taylor.

INDIANAPOLIS, Sept. 24.—The Haughville sisterhood branch of the Iron Hall has adopted resolutions declaring that the recent convention of Iron Hall members in this city was a fraud and inspired by Supreme Cashier Davis and Accountant Walker, "who were the instigators of the receivership suit." The entire proceeding is denounced in bitter terms, and Judge Taylor is requested to continue the receivership till the affairs of the order are wound up.

The Fatal Merry-Go-Round.

SIDNEY, O., Sept. 24.—A six-year-old daughter of George Bierline, while riding on the merry-go-round became frightened, and when the ticket gatherer jumped off with her, her left leg was caught and broken. The child is not expected to live.

SERVED IN TWO WARS.

Death of General John Pope at the Sandusky Soldiers' Home.

SANDUSKY, O., Sept. 24.—General John Pope died late last night at the soldiers' home; he was born in Louisville, Ky., in 1832 and was graduated from the West Point military academy at the age of twenty. After serving in Florida the two following years he was made a second Lieutenant in 1846 and took part in the Mexican war in which he earned the rank of captain.

When the civil war broke out he was made brigadier general of volunteers and assigned to duty in Missouri, from which he drove Sterling Price. He was subsequently commander of the Army of the Missouri. In June, 1862, he was assigned to the Army of Virginia, with which two months later he almost continuously fought a superior force under General Robert E. Lee. He was relieved of the command on Sept. 3 and assigned to the department of the northwest, where he checked the inroads of the Minnesota Indians.

After the civil war he served in other western departments, until he was retired in March, 1866. He was breveted major general in the spring of 1865 for his services at the capture of Island No. 10, and advanced to the full rank in October, 1882.

ECHOES OF THE HOMESTEAD RIOT.

One of the Pinkerton Detectives Surrendered—Searching for Arms.

PITTSBURGH, Sept. 24.—Fred Primer, one of the Pinkerton detectives accused of aggravated riot and conspiracy by Burgess McLuckie, of Homestead, in connection with the Carnegie officials, appeared before Alderman King yesterday and signed his bail bond for trial at court. The other detectives have not yet been arrested nor have they surrendered.

It has turned out that Julian Kennedy, who it was reported might succeed Superintendent Potter at Carnegie's Homestead mills, simply went to Homestead to inspect a certain portion of the machinery to aid him in the construction of a plant he is superintendent of in the Mahoning valley. Mr. Potter will not be retired from the Homestead mills.

Homestead Detectives Foiled.

HOMESTEAD, Pa., Sept. 24.—Detectives who have been trying to locate the arms taken from the Pinkertons on the day of the riot, July 6, traced the weapons to a coal mine near Minihill station, above here. The detectives made a raid on the mine, but the expected arms were not to be found. They learned the arms were removed a day or two ago. They claim to know the parties implicated in their removal, and a sensation is promised soon.

PARIS' EXHIBIT.

The City Budget and a Workingmen's Delegation Part of It.

PARIS, Sept. 24.—Just before leaving town to take his vacation, M. Poubelle, the prefect or governor of the department of Seine, appointed a large committee of prominent officials to prepare for the Chicago exhibition a special exhibit for the city of Paris. The Associated Press correspondent here has just inquired of the members of this committee concerning the nature and extent of this collective exhibit. Some of the replies are given below.

M. Delcamp, director of the finances of Paris, said: "My duties are to draw up the annual budget of expenses and receipts, and so I propose sending to Chicago a copy of the budgets of the city and the department for the last two years, and also copies of tables for the same period showing the amount of receipts and expenses. A now and on series of statistical and graphical tables bearing on the city expenses will also form part of the exhibit."

The municipal council has voted a handsome sum to enable a delegation of Paris workingmen to go to Chicago to study the exhibition.

SCHOOL DESKS DESTROYED.

The Fire Started by Incendiaries—Big Blaze at Battle Creek.

BATTLE CREEK, Mich., Sept. 24.—The fire which Thursday night destroyed the Union School Manufacturing company's works was the most destructive ever experienced here. It is thought to have been of incendiary origin, as an attempt was made on Thursday night to burn the company's foundry. The fire made such headway that the Marshall and Kalamazoo departments were telephoned for but both arrived too late.

The whole plant of the concern is a total loss. The building contained the most improved patterns of wood working machinery, besides a large and a very high priced stock. The total loss will be about \$250,000, perhaps more, with an insurance of about one-half that amount. All the books, mail and office effects were removed from the postoffice which is in an adjoining building. A number of other buildings were threatened, but all were saved.

MOORE'S HILL, Ind., Sept. 24.—Masked men robbed Mr. Morris, of Holton, Ripley county, and a neighbor is under arrest. Mr. Morris started to buy horses. Samuel Overturf went with him, and on the way asked if he carried firearms. Soon after Mr. Morris was robbed by two masked men. Overturf has been arrested as a participant in the crime, and he has been bound over for the grand jury action. He is an ex-convict, having served time in the prison north for counterfeiting.

TRADE BAROMETER.

Dun & Company's Weekly Business Review.

CHOLERA ALARM VANISHED.

Since the Scare Is Over Business Has Improved in All Lines and in All Directions—Reports from Different Cities All Over the United States.

NEW YORK, Sept. 24.—R. G. Dun & Company's weekly review of trade says: The alarm about cholera has vanished, and trade in every direction shows all the improvement that was expected. The south is a little dull because cotton is low in price and late, but a little improvement has been seen during the week. In a few quarters at the west farmers are holding back wheat for higher prices so that collections are retarded. But the general tenor of advices is exceedingly favorable.

The volume of business continues larger than a year ago. Collections are exceptionally good on the whole and, although money is in active and increasing demand at nearly all points, the supply is ample for all legitimate needs. Gold exports have ceased, foreign exchange has declined and the money market is at present without disturbing features. Speculation is not, on the whole, active enough to have a disturbing influence.

Wheat has recovered 13-8 cents from the extremely low price of a week ago, but sales here have been only 6,000,000 bushels. Western receipts in four days have been 5,700,000 bushels while the exports from Atlantic ports have been 953,000. Foreign advices no longer promise an unusual demand for American wheat this year, and prices are not unnaturally depressed, in view of the problem where to place the large surplus brought over from last year and the new crop now coming forward.

Corn has declined two and one-fourth cents and oats three-fourths of a cent, partly on more hopeful news from the growing states. On the other hand, speculation in cotton has been large, sales reaching 750,000 bales, and the price has been advanced three-sixteenths by the covering of short sales. The crop is late and the movement thus far much behind last year's.

Pork products are a shade stronger, but oil is five-eighths lower, and in coffee an active speculation has advanced the price a cent and a quarter.

Business at Boston is sound and large in volume. Cotton mills are well supplied, woolen goods are free, boot and shoe factories are filled with orders, and dealers find it hard to get rubber goods fast enough.

Improvement is seen in groceries at Philadelphia, especially in canned goods, and sugar is active. Stocks of dry goods are well sold up, and woolen manufacturers working full time. Trade in jewelry is in fair volume and improving in paints, oil and glass.

At Baltimore business is satisfactory, though quiet with the south, but exceedingly good in shoes, lumber and cattle. At Pittsburgh trade is satisfactory and gradually increasing. At Cincinnati the wholesale jewelry trade reports sales in August 50 per cent. greater than last year, and fall prospects are bright. Business at Cleveland is improving in nearly all departments, and especially in rolled products and in lumber, which has advanced \$2 to \$3 per thousand.

At Detroit business is increasing in dry goods, drugs and shoes, although farmers are holding wheat for higher prices. General trade at Chicago exceeds last year for the same week, with good prospects. Receipts of cheese show a small increase, of flour 10 per cent., of cattle 10 per cent., of cured meats 20 per cent., of oats and dressed beef 25 per cent., of butter and lard 33 per cent., and of hogs, 50 per cent., while in wheat and wool there is a small decrease, in rye and barley a large decrease and in lard 50 per cent.

At St. Louis trade increases with large distribution of goods, a free movement of grain and country buyers in larger numbers than usual. Business is healthy at Milwaukee, very active at Omaha, and shows a marked increase at St. Paul. At Denver trade is very satisfactory, exceeding last year's. Receipts of cattle and wheat are heavy at Kansas City and trade exceeds last year's.

At Memphis trade is improving, though of small volume, and at New Orleans cotton is in better demand and sugar strong and active. Pig iron is firmer, some Alabama furnaces advancing the price twenty-five cents, but bar iron is slightly easier, some slackening is seen in plates, and on the whole prospect for finished products is not quite as favorable. Large sales of copper at eleven and one-fourth cents are reported, and lead is slack at 4.10, with tin steady at 20.15 cents.

Coal is active in retail trade and shipments for the year show an increase of 6 per cent., but is freely offered by outsiders fifteen to forty cents below scheduled prices, and actual sales in August by the Lehigh Valley average twenty-four cents below the schedule. The demand for men's fall wools is surprisingly large, old stocks being rapidly cleared off, and it has been a big season in cloakings while in dress goods trade is still very heavy. Cotton goods are full of activity, some qualities having advanced a little, prints are in pressing demand, and print cloths quoted at three and one-half cents for 64s. In wool increasing activity is seen, sales far exceeding last year's, and carpet wools are especially firm and scarce.

Foreign exchange has suddenly broken down to \$4.80-3-4, and money here has declined from 4 to 3 1-2 per cent., while at London the rate is below 1 per cent. The treasury has taken in \$1,400,000 gold, but has paid out \$200,000 silver and \$2,000,000 more paper during the week. Merchandise exports from New

York for three weeks show a decline of 25 per cent. from last year, while in imports there is considerable increase and the August report shows a large excess of imports over exports, more than \$12,000,000. But stocks have been stronger, advancing on the average about \$1 per share during the week, with some indications that foreign investors are buying in moderate amount.

The business failures during the last seven days number for the United States, 188; Canada, 23; total, 211; as compared with 182 last week, 179 the week previous to the last and 244 for the corresponding week of last year.

SPREADING.

The Epidemic of Revolutions in South America—Colombia Now.

NEW YORK, Sept. 24.—A special to The Herald from Washington says:

The epidemic of revolutions in South America seems to be spreading. Colombia is now in danger. Word had reached the state department that serious trouble is brewing in consequence of the quarantine established against European and American vessels. The trouble commenced by the action of the authorities at Savanilla in firing on the British mail steamer Atrato as a warning to keep out of port. The British residents have resented this action, and other foreigners, especially merchants, are complaining bitterly at the action of the Panamanian authorities in closing all ports against European and American ships. Business is becoming paralyzed.

Our minister has advised that a cruiser be sent there as a means of preventing trouble and to protect American interests should the emergency arise. His request has been promptly complied with. Admiral Walker was telegraphed to Wednesday night to dispatch the Concord to Colon immediately and he replied that the department's order had been complied with. The Concord should have reached Colon by this time.

To Capture the South Portland.

NEW YORK, Sept. 24.—The World says the Venezuelan minister, General Peraza has succeeded in obtaining and arming a vessel with which to pursue and if possible capture the South Portland. The vessel obtained was built for the United States revenue service, but failing to come up to the government requirements was rejected. She is said to be capable of steaming eighteen miles an hour and has been fitted with a battery of rapid firing guns.

Her name is not made public now just because it might make trouble for her owner. The vessel slipped out of the harbor just after dark Thursday night. She has a large crew, mostly Venezuelans, but among them are four Englishmen who served in the royal navy as gunners. The Venezuelan minister is confident that she will overhaul the enemy's ship.

UTAH IS ADVANCING

Although Polygamy Still Exists—Report of the Commission.

WASHINGTON, Sept. 24.—Secretary Noble has received the annual report of proceedings of the Utah commission for the year ending Sept. 1 last, during which time three sessions were held—one at Chicago and two at Salt Lake City. Speaking of political matters the commission says that change is apparent in the political situation in Utah, which, if properly fostered and honestly managed, will be productive of good results. Considerable space in the report is devoted to a discussion of the subject of polygamy.

The commission insists that polygamy still exists and that there are many cases constantly coming to the public knowledge of association between polygamists and the plural wives they had professed to have put away is a fact that can hardly be controverted. The commission says it has reports of fifteen male persons who are believed to have entered into polygamous marriages during the last year and of more than 300 persons who are known or believed to be now living in polygamous relations.

It is not true, the report says, that the commission has ever selected knowingly "a corrupt man," "a known gambler," or "a disreputable character" for a registration or election officer, and if by chance such a person has been appointed, it has not yet been brought to the attention of the commission.

December last the church authorities petitioned the president for a general amnesty for the Mormon people. Without assenting to all the assertions of the appeal the commission would be glad if the relief prayed for could be granted. That Utah is advancing on the plane of progress the commission freely admits.

KILLED BY HIS WIFE.

A Mine Boss Meets an Untimely Death While Drunk.

PHILLIPSBURG, Pa., Sept. 24.—Edwin Grundy, mine boss at Mapleton and Phoenix mines, was instantly killed by his wife Thursday night at their residence, near Osceola. Grundy returned home drunk about midnight and drove his family out of the house, following his wife into the orchard and thence back into the house.

His wife secreted a gun under the bed and hid a pistol in her bosom. As Grundy entered he blew out the light and made an attempt to take the pistol from his wife. In her effort to throw the pistol away it was discharged, the ball entering her husband's brain, killing him instantly.

Green Worms Turning Foliage Black.

VALPARAISO, Ind., Sept. 24.—On the Norton farm, south of Laporte, a very peculiar sight is to be seen. The grass and trees along the road look as though they had been burned by fire, but on going a little further one will come upon an army of small green worms, each about an inch long, which turn everything from its original color to black. The worms are doing a great deal of damage to crops.

WOMEN STILL THERE

Relief Corps Delegates Have Not Left Washington.

A BUSINESS MEETING HELD.

Reports Made and Adopted, and the President of the Society Sustained in Her Decisions—Election of Officers for the Ensuing Year.

WASHINGTON, Sept. 24.—The national convention of the Woman's Relief corps met yesterday for a business session. The department commanders of the Colorado and Wyoming departments and others of its officers visited the convention and made addresses. A recommendation was made that a change be made in reference to the position of provisional departments. The report was adopted.

Mrs. Lynch, past national secretary, read the report of the president's address, in which she said: "We have carefully reviewed the address of the national president and commend the able and just manner in which she performed her work. We consider that the president's action should be sustained in remanding the Virginia corps to a provisional department and the action of the national president in carrying out the instructions of the last convention in regard to the statutes of the Potomac Relief corps, and recommending that she be sustained in her rulings. We also recommend that the action of the pension commissioner be sustained and accepted with thanks to the commissioners for their successful work."

The question of representation of the Woman's Relief corps at the world's fair was discussed, but no conclusion was reached.

The new Grand Army Commander-in-chief Weissert, Adjutant of Staff Gray and Past Senior Commander Detrick, of the department of Illinois, visited the convention, and each made short and eloquent addresses, and were decorated with the souvenir badges of the Woman's Relief corps.

The convention then proceeded to the election of officers for the ensuing year. Mrs. Margaret B. Wickens, of Kansas, was elected president. The retiring president, Mrs. Sue Pike Sanders, was extended a vote of thanks for her able and just administration of her arduous duties during the past year.

New Administration Council Meet.

WASHINGTON, Sept. 24.—The new national council of administration, G. A. R., held a meeting yesterday. Commander-in-chief Weissert presided, and the new adjutant general, Gray, was at his desk. The usual routine resolutions were passed, instructing the quartermaster general to purchase supplies in the open market, and to pay the salaries and other expenses authorized by the national encampment.

The matter of the date of the encampment of 1893 at Indianapolis was referred to the executive committee of the council and that of receiving the Andersonville prison grounds to a special committee of three, who was instructed to fully investigate and report to the next national encampment. These committees have not yet been appointed.

General Weissert has not yet announced the members of his staff, but it is understood that John Tyler, of Philadelphia, who has been quartermaster-general for twelve years, will still retain that position.

Last On the Program.

WASHINGTON, Sept. 24.—The closing scenes in the official program of entertainment for the encampment took place yesterday afternoon by a trip down the river, which was given under the auspices of the citizens' committee. The entire affair was under the direction of Captain James G. Bell and included a stop at the United States proving grounds at Indian head to give an opportunity to those who desired to inspect the grounds. The steamer returned to the city about 7 o'clock.

OVERWORKED TRAINMEN.

They Fall Asleep on Duty and the Shreve Wreck Occurs.

WOOSTER, O., Sept. 24.—Coroner Huntsburger began taking testimony at Shreve yesterday afternoon as to the cause of Wednesday's railroad accident. State Commissioner of Railroads William Kirby was present and asked the questions.

The answers of the engineer and conductor and E. A. Bing, brakeman on the freight train, disclose that they were asleep from overwork, and mistook a freight train for No. 8, the passenger train. Conductor Rager, of the passenger train, testified that there were 114 passengers all accounted for, except one lady having a ticket from Cherokee, Ia., to Alliance, O. The coroner then adjourned his court and will continue the inquest at Wooster.

Lived One Hundred and Seventeen Years.

ALTOONA, Pa., Sept. 24.—Word has been received here of the death of Mrs. Elizabeth Stanton, at her home in Patton township, Center county, the oldest person in Pennsylvania. She was one hundred and seventeen years old. Her maiden name was Elizabeth Jamison, and she was born in the spring of 1775 in Lancaster county. Her age is beyond question, being proven by the family Bible, several hundred years old. She was the mother of five children, three of whom are yet living. Her son Richard is a wealthy citizen of California.

SIDNEY, O., Sept. 24.—A serious accident occurred at the fair grounds. Just as Ballymore, ridden by one of the stable boys, passed the wire in the running race, she stumbled and threw her rider to the ground, falling upon him. The boy was picked up for dead, but soon revived. He is supposed to have received internal injuries.

If Senator Hill will just keep up the pace he set at Brooklyn this week, he is very apt to reach the White House in 1896.

A FEW days ago Republican editors were all talking about Senator Hill's silence. Now they are all talking about his speech.

The officeholders nominated Harrison at Minneapolis, and judging by the number of them who went to Ashland Thursday they had a good deal to do in naming Judge Holt and Mr. McCartney.

"I am tired of politics" is the latest from James G. Blaine, which interpreted probably means that President Harrison will have to make this fight without much help from the Maine statesman.

THE National Democratic Committee has ordered 100,000 copies of Senator Hill's Brooklyn speech for immediate distribution among the voters. Things are coming our way in New York. The tomahawk has been buried.

COLONEL BLACKWELL, of Durham, N. C., writes that General Stevenson's visit to that State has done the Democratic ticket great good. There was a jubilee everywhere Stevenson spoke, and Blackwell puts the State down now as good for 25,000 Democratic majority.

THE Tribune has discovered "more signs of Democratic panic." It probably had a vision of that missing Vermont Democrat running to get out of the way of the 9,262 Republicans who stampeded from their party in the late election, observes the New York World.

SENATOR WASHBURN, of Minnesota, says: "There is no enthusiasm for Harrison anywhere in my State, but neither is there any personal hostility to him." Close States are not apt to be carried with that sort of feeling prevalent, pertinently observes the New York World.

THE time and money spent in cleaning up and preparing to fight the cholera is not thrown away, even if the plague does not come this way. There are other filth diseases, and their ravages would be lessened if the sanitary condition of the city was looked after constantly. Keep up the good work.

MR. WHITELAW REID, Republican nominee for Vice President, said in a recent speech at Brooklyn that "the Democratic campaign is one of abandonment." Mr. Reid was no doubt a little rattled and got things mixed. Returns from the late elections show that nearly 10,000 Republicans have abandoned the G. O. P. in Vermont since 1888 and over 6,000 have abandoned their first love in Maine.

THE meeting of the National League of Republican clubs at Buffalo, New York, a few days ago was a bigger fizzle than the opening of the Ohio campaign at Woodsdale. The Buffalo Express, a Republican paper, admits that the attendance was "disappointing," "unfortunate," and "to many it may seem discouraging." It says: "When the magic name of William McKinley only comfortably fills Music Hall it is folly for Republicans to believe that the campaign is progressing as satisfactorily as could be desired."

SECRET BALLOT OR VIVA VOCE.

Will the old viva voce system of voting prevail at the next city election, or must the secret official ballot be used?

THE BULLETIN stated a few days ago that the election would be under the old viva voce system, and this statement was not made until after we had consulted the City Prosecutor. The question has been the subject of considerable discussion since then, and some good lawyers do not agree with Mr. Kehoe.

Section 1 of the new Election law says: "In all elections hereafter held in this State on any subject which may by law be submitted to a vote of the people, and for all or any State, district, county or municipal officers, except school trustees and other common school district elections, the voting shall be by secret official ballots, printed and distributed as hereinafter provided, and no other ballots shall be used."

It looks like this ought to settle the question, but it is not in accord with section 167 of the new Constitution, which reads as follows: "All city and town officers in this State shall be elected or appointed as provided in the charter of each respective town and city, until the general election in November, 1893," &c., &c.

Those who claim that the secret ballot must be used say that the above clause of the Constitution does not apply to the manner of voting, but the way in which officers are to be chosen; that is, the officers elected by the people under the charter shall continue to be so elected, and those elected by the Board of Councilmen shall continue to be so elected, until November, 1893.

The city charter does not specify the manner of voting, but simply says the qualified electors "shall meet in the wards in which they reside and vote for Councilman," &c.

As the charter does not specify the manner of voting, but leaves that to the general law, it looks like those who claim the secret ballot system must be used at the next election are right in the position they take.

THE HATCHET IS BURIED.

Factional appeals should now cease, the spirit of resentment should be abandoned, State pride should be subordinated to the general good, real or fancied grievances should be dismissed, personal ambitions should be sacrificed and individual disappointments should be forgotten in this great emergency which demands from us all the exhibition of a widespread and lofty party patriotism.—David B. Hill's Speech.

THE following appeared in the Public Ledger yesterday: "Democratic Labor Commissioner Peele of Indiana is reported to have conducted an investigation into the wages question, and, like Commissioner Peck of New York, finds that wages have advanced under the new tariff."

Here is a letter from S. E. Morss, editor of the Indianapolis Sentinel: "I desire to say that the State Statistician of Indiana has made no report of the character indicated. There is absolutely no foundation for the statement to that effect. The fact is that in Indiana, as elsewhere, the tendency of wages has been downward since the McKinley law took effect, while the tendency of the prices of commodities (except farm products) has been upward."

Rev. S. M. Martin's Work.

Rev. S. M. Martin, who recently held the big revival at Paris, raised \$11,000 Sunday, September 11th, at Plattsburg, Mo., to liquidate a debt that had rested on the church at that place for some time. A year before he held meeting at Plattsburg that resulted in 374 additions. The Jeffersonian published at that place says: "This time he came especially to raise the debt of the church. Again the sages said he wasn't the man. He'd do to scoop the sinners but he couldn't take in the dollars. He began again. He magnetized his forces, devised means and set his schemes on foot. The culmination came Sunday morning. Thousand dollar gifts—five hundred dollar gifts and so on down, poured in, and over eleven thousand dollars was raised. Men who would ordinarily squeeze the rim off a nickel and make the eagle on the dollar cry with pain, give fifty, one hundred, two hundred dollars and even more; and looked happy and content. Their countenances beamed with delight while their pockets were touched—and the debt was raised.

"Whatever there may be to criticize in Elder Martin, the fact remains that he is an intellectual and moral force which turns not back from opposition but sweeps everything which comes in his way."

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative Syrup of Figs, under all conditions, make it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

This Is Encouraging.

Savoyard, a writer for the Courier-Journal, had an interview recently with a well posted man in Chicago, and here's the way he talked: "You may take any street in Chicago you choose, and go from one end of it to the other, entering every house and ascertaining how the voters are going to cast their ballots, and how they cast them four years ago, and you will conclude your labors in the belief that Cleveland will carry Illinois by 100,000 majority. The like was never seen before. This may be rainbow chasing, but it seems mighty real now. In the house where I board there are twenty voters. In 1888 twelve of them were for Harrison and eight for Cleveland. Now fourteen of them are for Cleveland and six for Harrison. I have taken pains to familiarize myself with the situation, and I firmly believe that Cleveland's majority in Chicago will be so great that Harrison's majority in the interior will not be within 50 per cent. of it.

This gentleman is a politician and a journalist, and he was not a Cleveland man either before the nomination of the Democratic ticket. If the real situation in Illinois is half as roseate as it seems, why Illinois will get back to her old place in the Democratic column, and that is where she belongs, says Savoyard.

IN THE FRONT, THAT'S WHERE WE ARE,

WITH OUR STOCK OF

FALL AND WINTER CLOTHING

Our tables fairly groan with loads of choice goods selected from the best manufacturers in the land. It is scarcely necessary to tell you that with us you always find just what you want. Our efforts to please never flag. We try to secure the best, hence we enjoy the best trade. As a class the public use intelligence in buying Clothing. Our many years' experience taught this to us. We have profited by it; so have the public. To the few in this section of the State who have never visited our house we say come and see our fine stock before you buy your Fall Goods. YOU WILL NOT REGRET IT.

OUR STOCK OF MERCHANT TAILORING GOODS is most superb. No house in the State turns out Tailoring Goods equal to ours. This is a universally conceded fact. And, Young Gentlemen, don't buy a Top Coat until you see ours. Prices unapproachable. Call and see them.

Mr. Charles Daly left yesterday for Danville, for a short stay.

Messrs. Will Wells and J. L. Browning attended the Ashland fair this week.

Mr. Henry C. Bendel returned last evening from his trip to Washington City.

Mr. Tom Rogers, of Wichita, is in town visiting relatives and greeting his many friends.

Mrs. H. C. Morgan and daughter, Miss Mattie, have returned from their trip to Washington City.

Miss Pearl Schofield, of Dayton, Ky., came up this week on a protracted visit to friends in this city and county.

Circuit Clerk Ben D. Parry has gone West to visit his sons, Mr. W. B. Parry, of Kansas City, and Mr. Groves Parry, of St. Joe.

Mrs. W. H. Childers, of Augusta, has been spending the week here with her daughters, Mrs. Robert Seaman and Mrs. Henry Rudy.

Mr. and Mrs. A. C. Ball, of Millersburg, came down last evening on a visit to Mr. and Mrs. John T. Parker and other relatives in this city and county.

Mr. John T. Martin, formerly a popular conductor on the Kentucky Central, but now a prosperous clothing merchant of Maysville, was in this city Wednesday.—Bourbon News.

Mrs. Martin Finn, Miss Maggie Finn and Mr. John Finn, of Brooksville, and Mrs. Thomas Bulger, of Cincinnati, were here yesterday to attend the funeral of the late John O'Donnell.

Mrs. Flynn and daughter, Miss Margaret, of Lexington, and Mrs. Flannery and daughter, Miss Lizzie, of Cincinnati, were here yesterday to attend the funeral of the late John O'Donnell.

Grand Chancellor John L. Chamberlain, County Clerk Pearce, County Attorney Newell and Major Horatio Ficklin returned yesterday from Harrodsburg, where they attended the annual session of the State Grand Lodge of the Knights of Pythias.

Says the Covington Commonwealth: "Colonel A. R. Mullins and wife occupied two prominent boxes at the Grand Wednesday night, and had as their guests Mrs. Ollie Poyntz, wife of the banker of Orlando, Fla.; Mrs. Ben Poyntz, wife of the distiller at Maysville, Ky.; and Mr. and Mrs. Frank A. Grever, of Cincinnati. They were a jolly party, and had just returned from a summer jollification."

"It is the most flattering testimony of the high estimation in which he is held in the district," is the opinion of the Big Sandy News of the nomination of Hon. Thomas H. Paynter for Congress. The News is right, and the people of the district know he merited it by the faithful, honest and efficient manner in which he has looked after their interests.

DULEY & BALDWIN insure tobacco in barns.

THE great Germantown Fair commences September 28th, and continues four days.

MRS. GEORGE HUTCHINSON, of Bracken County, was adjudged a lunatic this week.

A DAUGHTER of Mr. Joseph Wright, of West Third street, died this morning, of diphtheria.

MR. JAMES SPENCER and Miss Carrie McDaniel, of Carlisle, will be married next Wednesday.

FIRE bugs are at work at Augusta. Attempts to burn several houses were made the past week or so.

THE rye sown in Boyle County has not come up. The sprout has disappeared and farmers will have to re-sow.

GEORGE GREEN, colored, was before acting-Mayor Grant this morning, on a charge of grand larceny. He was discharged.

REV. C. J. NUGENT, the new pastor of M. E. Church, South, will conduct services at the court house to-morrow at usual hours. The public invited.

THE wife of Charles Reed, the showman whose death was mentioned in the BULLETIN Thursday, has been discharged. The New York Coroner decided that Reed died from natural causes.

THE funeral of the late John O'Donnell, yesterday was largely attended. The floral offerings were numerous and very beautiful, attesting in a small way the love and esteem in which deceased was held by friends and relatives.

MR. C. H. WHITE wishes to remodel and improve the property occupied by White, Judd & Co., and for the next few days the firm will sell furniture at cost and carriage to get rid of their stock. Now is the time to secure bargains. See advertisement.

HECHINGER & Co. are prepared for the fall trade. Oddfellows' Hall Clothing House is stocked with the choicest goods made. When you start out to select an overcoat, a fall or winter suit or anything else in the clothing line, don't fail to call on Hechinger & Co.

THE management of the Germantown Fair will enforce the strictest order—no intoxicating drinks will be sold on the grounds, no gambling allowed. They will give a first-class moral exhibition; and in view thereof they earnestly solicit the presence and support of all good people.

A CONVENTION of the Democratic clubs is called to meet in the city of Lexington on Friday, September 30, and Saturday, October 1, under the auspices of the State League. The objects of the convention are to select delegates to the meeting of the National Association of Democratic Clubs to be held in the city of New York on October 4, and for such conference as may be for the benefit of the organization and the party. Each club which is a member of the State League, or which may desire to become a member, will be entitled to representation in the State Convention on the basis of five members for each one hundred members or fractional part of one hundred; but the entire club membership of the State and all good Democrats are invited to attend.

Dinwiddie McKee Dead.

Dinwiddie McKee, a wealthy old bachelor, died yesterday morning at his home near Millersburg, of paralysis. He was past seventy years of age, and formerly lived in this county. He owned about 1,100 acres of fine land at one time, but of late years deeded nearly 500 acres of it to Mr. and Mrs. John McNamara, who lived with him. Not long since his relatives had a committee appointed to take charge of his estate and prevent him from giving it all away. The opinion is that they will now institute suit to recover the 500 acres, and considerable litigation is in prospect.

MRS. JOHN C. EVERETT is ill with diphtheria.

THE city election at Newport next Saturday will be under the secret official ballot.

MISS ROSA MAY HELMER, youngest daughter of Mr. Jacob Helmer, is ill with malarial fever.

A FAIR acreage of wheat will be sown in Fleming this fall, notwithstanding the low prices for the last crop.

MRS. L. V. DAVIS will have her regular fall and winter opening in her new store Thursday, Friday and Saturday of next week.

THE Courier-Journal says: "The Democrats of the Ninth Congressional district will have a big barbecue October 15 at Germantown."

MR. ROBERT MEANS is mourning over the death of his black and tan dog "Richard M. Johnson." At one time Mr. Means refused \$100 for "Dick."

SEVERAL special trains passed west over the C. and O. yesterday with G. A. R. veterans returning home from the encampment at Washington City.

THE floral hall department at the Germantown Fair will be unusually attractive to both visitors and exhibitors. Many new premiums have been added.

JEFFERSON FIELD, who moved from Maysville to Augusta last spring, died at that place Thursday, of consumption. He leaves a wife and several children.

THE remains of Mrs. William Clark, of Aberdeen, were interred Thursday. Deceased passed away a few days before after a lingering illness, the result of an attack of gripe last winter.

CAPTAIN SAM. GAINES, who for the past five months has added so much of ability and brilliancy to the Covington Commonwealth, will retire to-day from the editorial staff of that journal.

"HOW CHRISTIANS MUST LOOK AT THINGS" Philipians, 1: 10, will be the subject of Rev. C. S. Lucas' sermon at the Christian Church to-morrow morning at 11 o'clock. Subject at 7:30 p. m. "The Disturbing Element of the Gospel," Mathew, 10: 22. The public invited. The members are urged to be present.

BARNEY SPRATT, a young farmer living near Sharpsburg and Miss Sarah Jones eloped to Aberdeen this week and were married. The young woman's mother objected to the match because she thought her daughter too young. Miss Jones comes of an eloping family, as six older sisters had to elope to get a man of their choice.

Do you burn the kitchen refuse? Or do you throw it into boxes in the alleys or backyard? If you burn it, you know your house is being protected against pestilence, so far as you are able. If you throw it out, you may have grave reason to wish you had been more intelligent. Nearly every bit of refuse can be burned in the kitchen stove when the fire is hot, and that is the best and easiest way to dispose of it.

A Commercial College.

Professor J. C. Willis, of Shelbyville, is in town to-day en route home from Greenup, where he conducted a teachers' institute this week. Professor Willis contemplates establishing a commercial college in Maysville. He conferred with several of our leading citizens this morning and met with words of encouragement on every hand. He has not decided the matter definitely yet, but if the school is started a thorough course in book-keeping, type-writing, short-hand, telegraphy and penmanship, plain and ornamental, will be embraced in the course of studies. Maysville is an excellent location for such a school, and Professor Willis should receive every encouragement.

Worthington-Scott.

Dr. Sam Worthington, of Versailles, and Miss Sallie Scott, of Nicholasville, were married Thursday afternoon at 3 o'clock in the Christian Church at the latter place. The newly wedded came in last evening and went out to Fern Leaf to spend a week or so with the groom's relatives in that section. Dr. Worthington is a son of Mr. S. M. Worthington. He located a few years ago at Versailles and is now one of the leading physicians of that city. His bride is one of Nicholasville's most charming and accomplished young ladies.

THE grand jury at Pittsburg has at last found true bills against Colonel Hawkins, Lieutenant Colonel Streater and Surgeon Grimm, of the Tenth Regiment, N. G. P., for assault and battery in the Private Lams case. Two indictments were returned against each of the defendants. Lams, it will be remembered, was hung up by the thumbs and afterwards drummed out of camp, at Homestead, for cheering when the news was received that Anarchist Bergman had shot H. C. Frick.

If you consult your interest and want to buy where you get the best value for your money, you will buy of Hopper & Co., for their line of jewelry is new and bought since the reduction. See them before you buy.

OHIO CROPS.

Wheat Yield a Disappointment—Other Grains and Fruit.

WASHINGTON, Sept. 24.—The special crop bulletin which has just been issued from the agricultural department has the following in relation to Ohio crops. The condition of corn has improved in the middle section of the state since the last report, but the drought has damaged the crop in the southern portion. The yield and quality of wheat are disappointing previous calculations. Grasshoppers did much damage to the oat crops, and the weight per measured bushel is less than usual.

Apples and peaches continue to fail and grapes are rotting badly.

A smaller number of hogs is raised because of the past ravages of cholera in some localities, and they have been sold off closely on account of favorable prices.

Grasshoppers have materially injured the condition of clover and caused many fields to be abandoned.

Ashland county—Yield from four to twenty bushels; quality poor.

Mahoning—Yield fairly good; quality inferior.

Muskingum—Yield large.

Perry—Damaged in shock and stack by rain.

Fayette—Yield fair, but quality poor, smutty and shrunken.

Darke—Injured by rust when the grain was making itself; warm weather and fogs the cause.

Hamilton—Not thrashing out on the general average as the first estimate of last month.

Marion—Average in bulk; deficient in quality.

Guernsey—Never thrashed out better and more raised than ever before.

Holmes—Unsatisfactory both in yield and quality.

Jackson—The best crop raised for years.

Morrow—Grain badly shrunken.

Paulding—Yield about eight bushels per acre and quality poor.

Ross—Very full of smut and quality inferior.

Lake—Does not yield as well as expected before thrashing.

Hooking—Above the average.

Clermont—The best for ten years.

Van Wert—Average fifty-six pounds to the bushel.

Monroe—Very fine.

Cuyahoga—Damaged in some sections by the fly.

Allen—Not an average.

Huron—Berry not plump; weight from fifty-five to fifty-eight pounds per bushel.

Harrison—A full average; quality fine.

Preble—Average quality poor.

Portage—Harvested in good condition, but the crop is light.

Mrs. Harrison's Condition.

WASHINGTON, Sept. 24.—Mrs. Harrison passed what may be termed a favorable night—that is, to say, no alarming symptoms of any kind manifested themselves. She slept but little, however, and this morning is reported by the attending physician as about in the same condition as she has been for the past week. Her nervous prostration is quite marked this morning. The difficulty of assimilating solid food continues. She has been able to take only a little liquid nourishment.

Thought It Beat Steel.

DECATUR, Ind., Sept. 24.—P. S. Arnold, a prominent saw mill man of this county, met with an accident which nearly cost him his life. He was caught by the saw and his left shoulder and the side of his head were fearfully mangled, the bones of his shoulder protruding. He arose, looked at the bloody saw, then at his mangled side, and remarked: "Doesn't it beat hell that a man has to be cut up this way, causing his bones to stick out." He is still alive.

Shot Each Other and Drowned Themselves.

WATERBURY, N. Y., Sept. 24.—Two brothers named Garfield and Leo Van Arman, aged eleven and fifteen, went to visit a relative in the country yesterday, and on the way the younger brother accidentally shot the other with a revolver. The wounded brother immediately seized the pistol and shot the other. Both boys then jumped into Black river and were drowned. They left a note describing their action. The bodies have been recovered.

Prairie Fires in North Dakota.

FARGO, N. D., Sept. 24.—A great prairie fire is reported to be raging in Billings county, west of the Missouri river. Several ranches have been burned over and many horses and cattle destroyed. The fire has been raging nearly two days. It is supposed to have been set by cattle thieves in order to stampede the herds.

A Speculator's Plot.

MADRID, Sept. 24.—The impartial states that certain speculators have made attempts to tamper with soldiers in the garrison here, with the view of bringing about a fall in funds through a revolutionary scare, but that the police have become aware of the plot and frustrated it.

Surgical Operation Ends Fatally.

CLEVELAND, Sept. 24.—An abscess in the abdomen was removed by a surgical operation from Judge William E. Sherwood, of the court of common pleas, last Saturday. He was greatly exhausted by the operation and gradually succumbed to it, dying yesterday.

Postoffice Burglarized.

WEISER, Ida., Sept. 24.—The safe in the postoffice here was blown open at 2 o'clock this morning by some unknown parties. Seven hundred dollars in money was stolen and about \$1,200 in deposit certificates. There is no clew.

Safe Blown by Professionals.

WARREN, O., Sept. 24.—Burglars blew open the safe in A. M. Shipley & Company's office and stole \$4,000 in money and several notes. The work was apparently done by experts. No trace of the burglars.

Child Drowned in a Well.

COLUMBUS, O., Sept. 24.—A sad case of drowning occurred on the Harbor road near Columbus. The three-year-old child of James Campbell was drowned in a well.

Conference News.

Over one hundred ministers are attending the Kentucky Conference of the M. E. Church, at Louisville.

C. T. Sump, F. W. Harrop, G. B. Godby, E. B. Timmons and J. H. Hays were elected to deacon's orders, and admitted to full membership in the conference.

U. G. Grizzle, John Chrisp, J. M. Taulbee, R. S. Bivens, William Jones, J. B. Perryman, T. G. Cocks and T. H. Conrey were elected to elder's orders.

Twenty-four hundred dollars was distributed among the the superannuated ministers and the widows of deceased ministers of the conference Friday morning.

The Commercial Travelers.

Mr. W. A. Johnson, Supreme Counselor of the U. C. T., will arrive this evening with several members of the association from Cincinnati, to organize Maysville Council. The meeting will be held in the Cox Building, and the traveling men of this city are requested to be on hand at 4 o'clock. A banquet will be served at the Central Hotel later in the evening. The new Council will start out with about sixteen members.

LAND FOR SALE.

1 OFFER FOR SALE

76 1/2 Acres of Land

Two miles south of Washington, on the Lexington pike. This land lays well, is rich and splendidly watered and timbered. The purchaser can put a saw mill in the woods and saw up enough good lumber to build a house and barn and fence the entire farm.

There are on the land one thousand Walnut trees that in a few years will be worth a fortune. The farm has twenty or twenty-five acres of new tobacco land. Forty acres ready for wheat now. Entire possession March 1st. Apply to T. W. Parry at residence of L. K. Parry, near Washington, or to Rev. D. Parry, at Circuit Clerk's office, Maysville, Ky., for terms and price. Terms easy. Plat of farm on file at County Clerk's office.
